

PFAS under REACH: A decisive phase for industry stakeholders

PFAS Summit Europe
Brussels
19–20 May 2026

Regulatory momentum is accelerating

 SEAC consultation open until 25
May 2026

Focus:

- socio-economic impacts
- alternatives
- feasibility of implementation

The **outcome** will directly influence
the **European Commission's next
steps.**

Why this phase matters

Stakeholders are expected to **provide evidence on:**

- essential uses
- lack or limits of alternatives
- transition timelines
- industrial and value chain impacts

This is where **technical evidence** begins translating into **political decisions.**

PFAS Summit Europe

19–20 May 2026 | Brussels

Key discussions will **focus** on:

- REACH restriction process
- legal & regulatory implications
- enforcement & compliance challenges
- industry adaptation strategies

Featuring **policymakers, industry leaders** and **regulatory experts.**
